2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: First and foremost, the applicant is cordially thanked for the 'Amendment Under 37 C.F.R. § 1.116' filed 15 June 2006. However, a seemingly non-compliant amendment has been discovered in the aforementioned response, requiring attention before examination may continue.

37 C.F.R. § 1.121(c)(2) requires, "All claims being currently amended in an amendment paper shall be presented in the claim listing, indicate a status of 'currently amended,' and be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived."

In this case, the immediate prior version of the claims was submitted in the 'Amendment Under 37 C.F.R. § 1.111' filed 28 October 2005.

The 'Amendment Under 37 C.F.R. § 1.116' filed 15 June 2006 appears to at least improperly indicate claim 15 as having a status of 'currently amended' without submitting any markings to indicate that changes have been made relative to the immediate prior version of the claim (in the 'Amendment Under 37 C.F.R. § 1.111' filed 28 October 2005).

The applicant is respectfully encouraged to make sure that all claim amendments are submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims (i.e., the claims in the 'Amendment Under 37 C.F.R. § 1.111' filed 28 October 2005).

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The amendments have not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent amendment, yet another Notice of Non-Compliant Amendment will be necessitated. Applicant's cooperation is requested in correcting any other errors of which applicants may become aware.

The applicant is hereby notified that the examiner's art unit has recently changed from Art Unit 2673 to Art Unit 2629, please direct all future correspondence accordingly. Thank you.
